

Shoulder Reference Centre in Liverpool

Inigo Guisasola, FRCS (Orth)

Consultant Orthopaedic Surgeon
Royal Liverpool University Hospital

ABOUT MR. GUIASOLA

Mr. Guisasola obtained his medical degree from Navarra University in Spain. His orthopaedic postgraduate training was undertaken in Madrid (Spain). He took up a Consultant post in San Sebastian and practised there from 1992 to 2002.

Mr. Guisasola moved to Blackpool in 2002 and worked as consultant in orthopaedic surgery with a special interest in shoulder surgery at Blackpool Fylde and Wyre Hospitals Foundation Trust. He took up a fellowship in shoulder and elbow surgery at Liverpool Upper Limb Unit in 2005.

He became a consultant orthopaedic shoulder and elbow surgeon at the Royal Liverpool and Broadgreen University Hospital in 2009 and practices there since.

His interests are centred in shoulder reconstructive techniques, including arthroscopic work and shoulder arthroplasty. He has been using the Equinox® Shoulder System regularly for the last four years. He is involved in several research projects and training of fellows.
