

Shoulder Reference Centre in Ipswich

Chris Roberts, FRCS (Tr & Orth)

Consultant Orthopaedic Surgeon
Ipswich General Hospital

ABOUT MR. ROBERTS

Mr. Roberts completed his orthopaedic training on the Cambridge rotation before undertaking an upper limb fellowship in Brisbane, Australia. He gained his FRCS (Tr. & Orth.) in 2002. He then furthered his shoulder training under the tutelage of Dr. Joe De Beer in Cape Town, South Africa. On returning to the UK, Mr. Roberts was appointed consultant orthopaedic surgeon at Ipswich Hospital in Suffolk in 2004.

Mr. Roberts is a dedicated upper limb surgeon specialising in all aspects of shoulder surgery. He is also the orthopaedic lead for research. Mr Roberts teaches on both shoulder arthroscopy and arthroplasty courses.

Mr. Roberts currently undertakes approximately 40 total shoulder replacements a year with a mix of anatomic and reverse prosthesis.
